

Enabling Connections, Collaboration, and Control

Egnyte for Jive helps businesses eliminate collaboration silos with a powerful communication platform that keeps employees engaged as they work together on projects and rapidly socialize innovative ideas, both internally and externally. The integration helps organizations eliminate content silos, giving users the ability to use Egnyte as a single source of content while working within Jive and all of their favorite business apps, to access the most up-to-date files through any device. Egnyte for Jive also provides IT with the full range of tools it needs to manage, secure, and control the company's intellectual property.

ENHANCE COLLABORATION

KEEP CONTENT IN SYNC

INCREASE SECURITY

MAINTAIN CONTROL

EMPOWER YOUR EMPLOYEES TO WORK THE WAY THEY WANT

- Access, edit, and collaborate on content stored in the cloud and on premises, from within Jive
- Work with large files, online or offline, using any device
- Work on Microsoft Office documents on-the-go with Egnyte's Microsoft Office Mobile integration, and leverage Egnyte's other integrations with your favorite productivity apps

KEEP CONTENT IN SYNC ACROSS BOTH PLATFORMS

- Keep others on the same page as newly edited content is available simultaneously in Jive & Egnyte
- Enhance collaboration with comments reflected on both platforms instantly
- Eliminate version control issues with links that always point to the most up-to-date content

CONTROL THE FLOW OF INFORMATION THROUGHOUT THE ENTERPRISE

- Monitor and control content, users, devices, and more in the cloud or on-premises from a single integrated dashboard
- Automatically synchronize Jive permissions to Egnyte to ensure that only authorized users have access to content
- Gain deep insights into content consumption patterns to create better, more useful content

ABOUT EGNYTE

Egnyte provides Adaptive Enterprise File Services that uniquely anticipate IT and end-users' needs to securely, easily and intelligently share files on-premises and in the cloud. Egnyte is built on an open platform that integrates with any cloud, storage, device and business application to enable customers optimize their collaboration environments through secure access, centralized control and unified visibility.
